RUPESH THAKUR

DATA ANALYST | BUSINESS INTELLIGENCE

9888667631 | thakurrupesh5477@gmail.com | Kolkata, West Bengal
GitHub | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Computer Science graduate with experience in field-data collection, data validation, Excel reporting, market mapping, and operational analysis. Built portfolio projects using Python, Pandas, Streamlit, and Power BI to explore sales and business performance. Also brings hands-on exposure to IT operations, computer networking support, troubleshooting, and web development. Seeking an entry-level Data Analyst role where structured analysis and clear reporting support business decisions.

TECHNICAL SKILLS

Analytics: Data collection, data cleaning, data validation, data organization, exploratory data analysis (EDA), market research, product and price comparison
Tools: Microsoft Excel, Power BI (project work), Streamlit, Git, GitHub
Programming: Python, Pandas, Java, C
Databases & Web: PostgreSQL, MongoDB, HTML, CSS, JavaScript
Reporting & IT: Excel-based reporting, dashboard interpretation, technical documentation, basic IT troubleshooting

PROFESSIONAL EXPERIENCE

Operations & Data Analytics Associate / Vidushi Fellow | Drishtee Foundation
Jul 2026 – Present
- Collect, validate, clean, categorize, and consolidate field data from surveys, interviews, and market visits.
- Conduct village and local-market mapping, documenting retailers, wholesalers, product categories, prices, raw materials, and business opportunities.
- Use Microsoft Excel to maintain structured datasets, track milestones, review baseline information, and prepare operational reports.
- Analyze rural enterprise, community-group, product, and income-generating activity information to support operational assessments.
- Prepare reports and presentations summarizing field findings, product costing, market observations, and milestone progress.

Software Developer Trainee Intern | IDEAS Technology Innovation Hub, Indian Statistical Institute, Kolkata
Jan 2026 – Mar 2026
- Contributed to the Tripura Consumer Price Index (CPI) project, supporting a Flutter mobile application and a React.js admin portal.
- Worked on backend functionality using FastAPI and PostgreSQL for data storage and management.
- Organized market-survey data through browser-based forms and supported data accuracy and consistency.
- Built a Streamlit-based testing portal and created Excel-based reports from supplied datasets.
- Prepared user manuals and technical documentation for backend administration and mobile-app workflows.

IT / Computer Networking & Web Development Intern | Airports Authority of India (AAI), Kolkata
Jul 2024 – Sep 2024
- Supported on-ground and office-based computer networking and day-to-day IT operations.
- Assisted with computer hardware setup, connectivity checks, and basic troubleshooting.
- Contributed to web development tasks as assigned within the office environment.
- Supported server/network-related operational tasks; specific technologies are not listed because they have not yet been confirmed.

Java Intern | Oasis Infobyte
Aug 2024 – Sep 2024
- Developed Java-based applications while practicing core programming and object-oriented programming concepts.
- Strengthened debugging, logic-building, and code-quality skills through hands-on project work.

PROJECTS

Sales Analytics Dashboard | Python, Pandas, Streamlit
- Interactive sales analytics project to explore sales data and visualize business performance.
- GitHub: https://github.com/R841927/sales-analytics-dashboard

E-commerce Sales Analysis | Python, Streamlit
- Interactive app to explore e-commerce sales data and review business performance.
- Live demo: Open app
- GitHub: https://github.com/R841927/ecommerce-sales-analysis

Business Performance Dashboard | Power BI, DAX, Python/CSV
- Business intelligence dashboard with revenue, profit, orders, and profit-margin KPIs.
- Visuals cover monthly and regional revenue, category profit, sales channels, product performance, with year, region, category, and channel slicers.
- GitHub: https://github.com/R841927/business-performance-dashboard

EDUCATION

B.Tech, Computer Science & Engineering | Aliah University | 2025 | CGPA: 7.12
Class XII (WBCHSE) | TAV | 2021 | 68%
Class X (WBBSE) | SKV | 2019 | 53%
